

Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Saturday 14 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy, with some outbreaks of rain.

Today:
A largely dry start with clear spells, mostly in the north of the region. Cloud in the south will gradually move northwards during the day bringing occasional spells of light rain to areas south of Morecambe Bay. Maximum temperature 20 deg C (68 deg F).

Tonight:
Generally a rather cloudy night with some spells of light rain or drizzle, these most frequent and widespread through the small hours of Sunday morning. Minimum temperature 13 deg C (55 deg F).

Sunday:
A cloudy and wet start for most with light rain clearing from the south of the region through the morning, but lingering across Cumbria into the afternoon. Maximum temperature 20 deg C (68 deg F).

Outlook for Monday to Wednesday:
Sunny spells and scattered showers on Monday. Some cloud and outbreaks of rain then move in overnight and continue through into Tuesday and Wednesday.
